

Mr. Meleason - Adapted PE Classes

I was having issues with my Google Classrooms since my Preschoolers don't have accounts and there was no way to reach out to them. I created a website on Google sites that can be utilized by all of my students and their families for all of our schools.

I will be updating the website daily, Monday - Friday. I will be reaching out to students and parents and will be available via email and Google Hangouts. Hoping this will be a good resource for all of our families needs!

Here is a link to the website: <https://sites.google.com/fairborn.k12.oh.us/ape/home>

Hope everyone is hanging in there! I know you all have to be super busy. Best of luck and hopefully we are back in the schools before we know it!
